

The following is an agreement between EPA, Region 8 ("the Agency") and AFGE 3607 ("the Union") regarding certain aspects of the move related to the removal of employee's personal property from Denver Place in advance of the Agency's move to its new location.

1. All employees' personal property, with the exception of that identified in 2. below is to be removed from Denver Place no later than close of business on Friday, December 22, 2006.
2. Employees are permitted to maintain within their workstation personal items limited to that which can be stored and removed in a cardboard box the size of a copier paper box. This box must be removed from the building no later than the Thursday or Friday prior to the weekend in which the employee's workstation contents will be moved to the new building.
3. Freight elevators will be available for employees to use to remove large items such as refrigerators and furniture. Employees will schedule the use of the freight elevators in accordance with the information posted on the move web site.

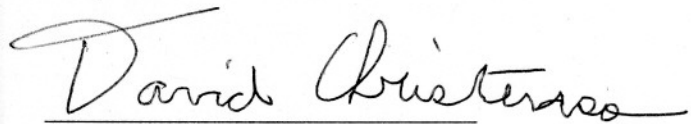

For the Agency:

Dean W. Teasdale
Labor/Employee Relations Officer
